Company Profile:

- Privately Owned and Managed Company
- Solution Provider Industrial Automation and Data Communication
- Authorized Representative/Distributor of World Class Manufacturers
- Providing full technical Support (pre & post sales) for all represented Products
- One-Stop-Shop Solution Provider for Integrated Industrial Control Systems

Company Mission:

Industrial Technology Supply is committed to provide high quality Industrial Grade Products and associated value-added Services to meet Customers Expectations with competitive Pricing, on-time Delivery and professional technical Service and Support

Technology Focus:

Industrial Control Solutions

Factory Automation, Machine Control, Process Control

- PLC Control with fully integrated Visualization and multi-axis Motion Control

Supervisory Control, Monitoring

- SCADA Software (**S**upervisory **C**ontrol and **D**ata **A**cquisition) with fully integrated Internet Connectivity and Soft-PLC
- Operator Panels, Industrial PC's

Industrial Networking

- Fiber-, Copper-, Dial-Up-, Leased Line-, GSM/GPRS-, 2.4 GHz Radio Modems etc.
- Ethernet switches (managed or unmanaged), Media converter

Company Experience:

Process Control Systems:

- Paper, Steel, Ceramics, Pharmaceutical, Food, Animal Feed etc.
- Municipal Wastewater Treatment Controls

Machine Control Systems:

- Paper, Packaging, Printing, Textile, Plastic, Batching

Monitoring Solutions:

- Nationwide Meteorological Data Acquisition
- Early Warning Systems
- Bangkok Flood Control Center
- River Flood Monitoring and Forecast Systems
- Pipeline Supervision (Bangkok Water Supply)
- Gas flow Monitoring Solutions

**Technical
Capabilities
Value Added
Services:**

- System Design, Application Program Development, Installation, Commissioning, After sales Service, Spare Parts, Repair Service
- Maintenance Services for Supplied Equipment
- Technical Training for Engineering, Maintenance and Operators
- Product Stocking, FAST DELIVERY

Products:

Supervisory Control and Data Acquisition (SCADA) Software

- Wizcon (France):** High Performance PC based Industrial Supervisory Control Software
- SCADA with free and fully integrated Internet Connectivity
 - Free and fully integrated Soft-PLC, OPC Client, ODBC
 - Hot-Backup, True Online Editing, Vector based graphics

PLC Systems, Industrial PC, Operator Panels, Motion Control

- B&R (Austria):** Innovative PLC Systems
- Real-time Operating System
 - High Memory Capacity (up to 8 GB removable Flash Card)
 - Program execution in fast DRAM, aPCI fast Interfaces, USB data ports
 - Gig Powerlink Control & Remote I/O System Fieldbus
 - Integrated fast Ethernet Ports
 - PowerPanel integrating Display, high power control (PLC OS)
 - Servo Controllers and Motors, Gig Fieldbus
 - Windows based programming System integrating PLC, Panels & Motion

Industrial Networking and Data Communication

WESTERMO (Sweden): Ethernet (Ring) Switches, Fiber Optics-, Copper Cable-, Dial-Up-, Leased Line- and GSM/GPRS Modems for CAN, Profibus, Serial, Single- & Multi-Mode Fiber, Redundant Fiber Ring

Maestro (HK): Industrial GSM/GPRS Modems

SpiritIT (Holland): Flow Computers & Software Solutions for Oil & Gas

Industrial Switching Power Supplies, Surge Protection

TRACO (Switzerland): Highly Reliable, Din-Rail Mounted, AC/DC, DC/DC Parallel Operation, n+1 Redundant Versions, DC-UPS Option

ISKRA (EU): Industrial Surge & Lightning Protection
